

Laketrans Special Transportation Service

About Laketrans STS

Laketrans is now offering charter service for government and non-profit organizations in Lake County. Laketrans Special Transportation Service (STS) provides group transportation to areas throughout Northeast Ohio. STS is perfect for college sports trips, senior center groups, summer camps, and schools.

WITH LAKETRAN STS YOU CAN GUARANTEE:

- **COMFORTABLE TRAVEL:** Our 49 passenger motorcoach buses allow you to travel in comfort with plush, forward-facing reclining seats with plenty of legroom, individual reading lights and air controls, and overhead storage. Smaller groups can fit comfortably in our 16 passenger buses with cargo storage.
- **PROFESSIONAL DRIVERS:** Our motorcoach drivers complete a 300 hour training program, as well as training in CPR/First Aid, disability sensitivity, mobility device maneuverability and securement, and communicating with hearing and visually impaired customers.
- **SAFE TRANSPORTATION:** Laketrans operates Lake County's largest bus fleet traveling over 3 million miles every year. Your safety is our number one priority. Our safety programs are an integral part of our business – from our equipment to our drivers and everything in between.
- **GREEN TRANSPORTATION:** Providing over 750,000 trips last year, Laketrans's goal is to take as many cars off the road to improve Northeast Ohio's air quality. A single coach trip can remove as many as 49 cars off the road.

Pricing

	First two hours	Hourly Rate (After first two hours)
49 Passenger Coach Bus*	\$350.00	\$125.00
